<u>TO WHOMSOEVER IT MAY CONCERN</u>

This is to certify that **Mr. Yash Tibrewal** worked for me as a *freelancer* for the role of *Backend Developer* for a period of 3 months from **1st September to 30th November 2019**.
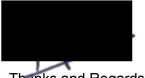

During that time he worked on creating Application Programming Interface (APIs) .

Technologies for backend included :
1. Javascript for programming
2. Nodejs for the environment
3. Expressjs for HTTP Server
4. Swagger for API documentation
5. MongoDB and MongoDB Compass for the database
6. Postman for API Testing
7. Git and github for code management
8. AWS Bucket for storing images.

He was successfully able to complete the given tasks in time.

I wish him all the best for his future endeavours.

Thanks and Regards,

Mayur Nandu
